

Dear Third and Fourth Grade Families,

Play a game, try an experiment, solve a puzzle! Join us on Tuesday, November 11, from 6-7:30 p.m. for the Third and Fourth Grade Math and Science Night. This is an opportunity for you and your third or fourth grader to engage in math and science activities together. Jenell Rubin, our Lower School Science Coordinator, and Sarah Kinsella, our Lower School Math Specialist, are planning a fun, hands-on evening for you. The event will be held in the Big Room (PAPAS) on the fourth floor.

In order for you to be able to have a focused time with your third or fourth grader, we ask that you sign siblings up for childcare by emailing Mary Shea at mshea@lrei.org.

We look forward to seeing many of you on the 11th!

Sincerely,
Jenell Rubin, LS Science Coordinator
Sarah Kinsella, LS Math Specialist
Dawn Wheatley, LS Acting Asst. Principal
Namita Tolia, LS Principal
