January 28, 2010

Dear Third Grade Parents,

By now your Third Grader is well into learning how to touch-type…it's very exciting.

Some children have been asking where they can get the software for use at home and I have told them I would be in touch with you.

UltraKey, the typing software we use here at school, offers a "take it home program" so that through the LREI parents can purchase the software for $19.95 versus $49.95 retail price.

This is not something that is required, but if you'd like to purchase a copy of UltraKey for use at home, please write out a check to LREI for $19.95 and drop it off to me here in the Computer Lab no later than **Friday, February 12th.** These UltraKey cds are compatible for both Mac and PC and take about 6 to 8 weeks to arrive.

For more information, here's a link to their website:

http://www.bytesoflearning.com/services/view/74

Any questions, please don't hesitate contact me directly.

All the best,

~celeste
