

Green Cleaning Supply Recipes

All Purpose Cleaner

2 cups white distilled vinegar

2 cups water

20-30 or more drops essential oil (optional)

Creamy Soft Scrub

2 cups baking soda

½ cup liquid castile soap

4 teaspoons vegetable glycerin (preservative)

5 or more drops essential oil (optional - try tea tree, rosemary or lavender)

Mix all ingredients together. You may need to add additional soap to get a texture like frosting. Store in a sealed glass jar.

Window Cleaner

¼ - ½ teaspoon liquid detergent

3 tablespoons vinegar

2 cups water

Spray bottle

Put all ingredients into a spray bottle, shake and use as you would a commercial brand. The soap in this recipe is important.

It cuts the wax residue from the commercial brands that may have been used in the past.

Drain Opener

½ cup baking soda

½ cup vinegar

Pour baking soda down the drain and follow with vinegar. Cover and let sit for at least 30 minutes. Flush with boiling water.
