

masks can strangle birds and other animals!

syringes/needles are very dangerous towards both humans and animals!

scan here to see all of the data i have collected from my beach walks!

**Beach Cleanup
By Finn Barden**

the world needs your help! go on a beach walk with your friends and family and help clean up our beaches!

plastic bags are the main cause of death for turtles and also hurt the environment!

styrofoam is extremely toxic and bad for the planet if not disposed of properly!
