**Mars**

I brought all the objects. Kat, did you double check with Rhys?

**Kat**

Yup, we have the picture, the candy, a piece of clothing, and the note.

**Rhys**

C'mon, let's go to the park already.

**At the park**

**Rhys**

Let's go to the hill behind the baseball diamonds. We can bury it by the big oak tree.

**Kat**

I think we all have our things, but do we have anything to dig the dirt up?

**Mars**

I brought a spade. I stole it from my neighbors garden.

**Rhys**

Mars! You can't do that!

**Mars**

Well, I did. It was right out in the open and easy for me to take.

**Kat**

Just give it to me. I'll start digging.

**Rhys**

So, what picture did you guys bring? I brought a picture of when I went to that carnival and got the sweatshirt that somebody stained.

**Kat**

I brought a picture of the first time I tried a kit kat.

**Mars**

I brought this photo of Rhys's birthday, when we all went to the amusement park. Haha look at our faces, we were so scared.

**Rhys**

Oh yeah, I remember that haha. So of course I brought a Reese's peanut butter cup, Kat brought a kit kat, what did you bring, Mars?

**Mars**

I brought a Mars Bar. Remember that one time that you bullied me into eating 20 of these Rhys? I almost threw up.

**Rhys**

Oh yeah, sorry about that haha. Let's just put everything in the capsule now.

**Kat**

Wait, you're forgetting a couple things, what clothing did you guys bring? I brought mood rings.

**Rhys**

I brought the sweatshirt from the carnival.

**Mars**

I brought this pair of sneakers.

**Rhys**

Those are really nice, are they new?

**Mars**

No, I've had these for a while but I just don't wear them that often because I don't want to mess them up.

**Rhys**

Oh right, that makes sense. So what did you guys write on your notes? I wrote down the song Good Days, how Trump's supporters stormed the Capital which I found hilarious, and that I hope climate change gets fixed because I'm worried for the future.

**Kat**

I wrote down the song Cloud 9, how Trump lost the presidency and there were celebrations in the street, and that I hope Trump won't be in office again because he is *not* a good president.

**Mars**

I wrote Soul Train, because that song really inspired me to change my lifestyle. I also wrote about the pandemic and how I hope it will go away soon because I'm really upset that we have to wear masks all the time.

**Rhys**

Ok, now can we bury everything?

**Kat**

I think it's time!

**Mars**

Let's do it.

**Rhys**

Great, now that everything's buried, see you guys here again in five years.

**Mars**

See ya.

**Kat**

Bye!

**Rhys**

Hey Kat, it's been awhile, do you remember that capsule we built?

**Kat**

Who is this?

**Rhys**

It's Rhys.

**Kat**

Oh. You.

**Rhys**

The one we buried in our freshman year of high school that we said we would open in five years?? You guys seriously don't remember?

**Kat**

Oh yeah, but I don't think we need to dig it up, we kind of fell apart guys.. What's the point?

**Rhys**

Please. C'mon Kat. We'll see each other just this once and then never have to see each other ever again. Do it for Mars.

Kat

Fine, let's do it.

**At the park**

**Rhys**

Thank you 🤖 all for coming, I've brought the honorary spade.

**Kat**

Let's just get this over with.

**Rhys**

Ok, fine. I think it was over here.

\*Digs it up & picks it up\*

**Kat**

Wow, I remember this capsule. It was one twist to the left, and two to the right, right?

**Rhys**

Yup.

**Kat**

Woah, remember kit kats. They discontinued them.

**Rhys**

Oh yeah, same with reece's pieces. And these songs..

**Kat**

Yeah, and thank god Trump isn't in office again.

**Rhys**

Yeah, thank god. And the pandemic is over too.

**Kat:**

Yeah, no more masks.

**Rhys**

I wonder how Mars would have reacted to all this stuff. It's so nostalgic.,

**Kat**

He probably would've just said "cool" and left if we're being honest.

**Rhys**

Maybe, either way, I wish he was here to see all this.

**THE END**
